Three Financial Tips for Married Women

Submitted by asd Lisa Brown on 06/27/2018 - 04:35

At some point in their lives, 90% of women will be solely responsible for their finances due to the loss of a spouse. This can prove to be a very frightening time for women who have never been involved in their family's finances. In this brief video, Brightworth's [Lisa Brown](#) ^[1] offers three financial tips to help married women get a handle on their money.
