

Choosing Between Job Offers

Woman excited she got the job offer

Have you considered all the factors involved in making a job switch? Wealth advisors, Bud Boland and Tom Presley discuss the financial costs of leaving your current job and what you should know to make sure you're ready to accept a job offer.

Topics include:

- Identifying ALL of the financial costs of leaving your current job.
- How to compare and contrast the elements of compensation and benefits packages.
- Strategically timing a job change to manage taxes, a big income year, or relocating to a different state.
